Tips:

1. From the **Browse** link in the upper right corner, you can view the works of art by contributing museum or by work type (photographs, prints, sculpture, etc.).
2. Any work in CAMIO can be added to your **Favorites** for viewing, e-mailing, saving to your local computer, or posting to Web sites. You can add works to your Favorites when you view a results list or a work. Click View Favorites at the top of any CAMIO page to go to the Favorites page to view or manage your Favorites. You can have up to 100 works in your Favorites.
3. Use * (truncation) to search for terms with similar spelling. For example:
   Type japan* to find "Japan" and "Japanese."
   Type painting* to find "painting" and "paintings."
   Type 177* to find "1770," "1771," "1772," etc.
4. From the **Advanced Search** screen you can target your search to specific fields of item description, search specific museums, search an exact phrase, and search for words in proximity to each other.
5. Exclude "and," "or," and "not" from your search words. Searches that include these words find no results. Don't use punctuation in your searches.
6. You can view your search results in a **List View** or in **Thumbnails**. In the list view, click a column heading to sort the list results by that column; click the heading again to reverse the sort order. In the thumbnails view, click a Sort link to sort the results by that data.
7. Multiple images are available for some items. Use the "previous" and "next" links in the upper right corner to change images.
