

Wolf Mask Craft

Color or decorate your wolf mask. With an adult's help, cut around the outside, then cut out holes for the eyes. Do you know any stories about wolves, or other animals that live in the mountains? You can retell them, or make up your own, while wearing the mask!

Optional: Attach string, ribbon, or elastic to each side of the mask to tie around your head. Or, attach a handle such as a straw or popsicle stick.

Wolves are very diverse animals, which is why they have a habitat that is spread out around the world, from the Arctic tundra to dense forests, in both mountains and dry shrub lands. Their versatility is amazing and it has helped them to thrive despite being endangered. *Gray wolves were recently removed from Endangered Species Act protections in the United States.*
